Hi Joy,
Thanks for the helpful comments and for getting back to me so quick.

Jennifer,

I thought it looked fine. I had a few minor, for-what-they're-worth comments, which I've attached. Good luck with the other critters you're working on.

Hi Joy,

Thanks again for being willing to look over the finding draft and share your knowledge of the bison. The draft attached here takes mostly from the November 2014 petition, but I will be adding notes from the March 2015 petition as well. It doesn't look as though the newer petition includes any additional information or claims that the 2014 petition doesn't cover already so the finding will not likely change.

Please give comments on any aspect of the finding (thoughts I missed or overemphasized, language, style, etc...). I'm trying to learn as much about the process as possible so your input is much appreciated! Feel free to make track changes and/or we can talk via email or over the phone - whatever works best for you.

Thanks again,
