Comments:

I am a mountain biker on the Idaho-Montana border. I strongly request that you continue to permit access by mountain bikers to the area colloquially known as the "Lionhead". This area is an incredible asset to mountain bikers and communities that serve them in SW Montana. Please don't make the same mistake the FS did in Idaho with the Boulder-White Cloud Wilderness and their prohibition on bicycles. For reference purposes, I and several other locals in Eastern Idaho have cleared and maintained trails in areas like Lionhead as well as the CDT and much of the region around Wisdom. If you close these areas to bikes, good luck on clearing them of deadfall and maintaining them...
