Comments:

I strongly oppose to any more closures of the snowmobiling areas around Bozeman Montana. Buck ridge, Mill Creek, and the other areas suggested to turn into wilderness area is totally unacceptable. I pay my fees every year to help maintain this area and the snowmobile community is great stewards of the beautiful land. There are plenty of areas for non motorised activities, this is one of the few areas left for Motorsports and we love it, and treat it with the most respect. Please keep it open.
