10 E Babcock

Bozeman, MT 59771

RE: Adopt Alternative D and list American bison as a species of conservation concern

Dear Forest Plan Revision Team

I support Forest Supervisor Mary C. Erickson adopting Alternative D, the environmentally preferred alternative in the Custer Gallatin National Forest plan.

I also support Regional Forester Leanne M. Marten listing American bison as a species of conservation concern in Region 1.

Relying on the best available scientific information, please select Alternative D and adopt strong standards for American bison, bighorn sheep, threatened grizzly bears, wilderness, linkage corridors, habitat connectivity, and water.

Sincerely,
Kristine Ellingsen
