Comments:

I'm writing to express my support for the Wilderness recommendations in Alternative D with the provision that the Gallatin Range needs to be added to the plan. Also, all motorized and mechanical uses in the area should be prohibited in order to preserve its wilderness qualities. Please eliminate fish stocking and reduce the numbers of livestock and human attendants in the area. Wilderness is being chipped away at all sides and for the sake of the flora and fauna and for our collective peace of mind we cannot continue to do so.

Thank you.
