Comments:

As a former fire crew member from 1990-94 I was able to get to know the Custer quite well. Of the concerns address on your summary these concerns that follow are close to my heart... As for the Pryors I believe there needs to be more LEO patrol for ATV mis-use. Too many "new" roads/trails are being used. I agree that the high area/plateau in the Pryors should be designated as a wilderness. Motor vehicles do more damage up there than good. the Crow culture considers it sacred and I believe if you would like to visit/experience the area it should be on foot.
