Comments:

please improve your bill by adding the 230,000 wild roadless acres of the Gallatin Range as recommend wilderness in the final forest plan. Please do not open up all the roads so people can ruin the natural nature of the place. to keep a few people happy that are too lazy to walk and rather ride any type of vehicle in the wild will only ruin the true nature of the place. Leave the wildlife alone. People can always find a way to enjoy it. some work at it some are lazy and want to ruin it because they can and for no other reason.
