Comment draft plan - CGNF

Forest Plan Revision Team

PO Box 130

Bozeman, MT 59718

Dear Revision Team,

Thank you for the opportunity to comment on The Custer Gallatin National Forest's Draft Management Plan. Specifically, I am commenting on the Absaroka Beartooth and Madison, Henrys Lake, and Gallatin geographic areas. These areas provide valuable wildlife habitat, headwater streams, and diverse recreational opportunities within the Greater Yellowstone Ecosystem.

Please help insure these areas remain intact with as much wilderness as possible. These areas are critical to Yellowstone's future. We do not need development or recreational improvement and certainly do not need energy or mining extraction in these areas. These areas need to remain as untouched by man as possible.

Respectfully,

Mr. Richard Mills
