5/7/19

I just finished reading the article in the "Bozeman Daily Chronicle" Tuesday May 7, 2019. "Humans accelerating extinction of other species" by Thomas Lovejoy, Biologist. It's frightening on what is happening with our warming planet, turning forests and grasslands in farms, mining oil wells, roads, homes, towns, ect.

We need to stop this invasion of our wilderness areas and keep all that we have at present and save more if possible!

I VOTE FOR ALTERNATE "D".

YES! URGE THE FOREST SERVICE TO: YES!

- * Protect the wilderness values and cultural significance of the Crazy Mountains.
- * protect the existing recommended Wilderness in the Lionhead.
- * Implement the Gallatin Forest Partnership Agreement
- * Protect existing recommended Wilderness surrounding the Absaroka Beartooths, and include Dome Mountain, Chico Peak Emigrant Peak West Woodbine, East Rosebud to Stillwater, and Red Lodge Creek.
- * Recommend the following areas in the Pryors for Wilderness: Lost Water, Big Pryor, Punch Bowl, and Bear Canyon.
- * Manage recommended Wilderness just like designated Wilderness and not allow mountain biking or motorized use in recommended Wilderness.

SAVE ALL OF THESE
