Comments:

To whom it may concern,

I am writing to express my support form allowing bicycles in the revised forest plan. Bikes are a quiet human-powered form of recreation, less damaging to trails than horses. The mountain biking community is a passionate and committed group of people that has worked hard to maintain trails and improve conditions when possible. Specifically I support the Gallatin Forest Partnership Agreement and I support managing the Lionhead area as a Backcountry Area (BCA). I strongly oppose the exclusion of bikes described in alternatives C and D.

Thank you,

Yogesh
