I do not believe that you guys have the best interest of the public in mind with these amendments you're trying to make. These are our lands and we pay for them taxes and whatnot and I don't understand why we can't use them and the roads that are existing there you guys take our tax money and you should be able to take care of these roads so we can be able to get into the forest and use it ourselves. All you guys do is take things away and never give nothing back it's b\*\*\*\*\*.
