Comments:

I am a Montana resident and know first hand how important it is to protect our remaining wild lands, so I support the wilderness recommendations in Alternative D of the Revised Draft Forest Plan, WITH some improvements, such as:

add the entire 230,000 acres of the Gallatin Range as Recommend Wilderness in the final forest plan

prohibit all motorized and mechanized uses, and any other activities not consistent with wilderness protection, in the Recommended Wilderness areas so as to preserve their wilderness qualities until Congress acts on the wilderness recommendations.

reduce group size limits to protect all Wildernesses on the forest from harm

stop all fish stocking in naturally fishless wilderness lakes

stop human and pack animal feces contamination of lakes and streams on the Beartooth Plateau in the Absaroka-Beartooth Wilderness
