Comments:

This expansion of wilderness is a waste of tax dollars and public lands. It will only increase pressure/ and traffic on remaining lands from OHV users. As a native to Bozeman, born and raised, it saddens me to see these proposals trying to change the very reason that everyone is moving to our state/city. We all live here because of the freedom to explore nature at our own pace/style. I am raising my children to protect and use public land responsibly but that will be impossible if it is closed to access.
